

Introducing
Diane Finlayson

**Artist and
Instructor**

Diane is an Artist/Facilitator. Upon completing studies as an early childhood educator at the University of Manitoba, Diane spent several years teaching at the primary level.

In 2009, Diane relocated to the Muskoka area and has since become involved with the Huntsville Art Society and with the Almaguin Highlands Arts Council. Diane is dedicated to promoting and developing visual arts programs for children, adults and seniors and specializes in teaching Drawing, Perspective, Pen & Ink and Watercolour.

The art process allows creative growth, develops and strengthens problem solving skills and more significantly, brings about a subtle holistic healing on all levels. Her goal is to continue to bring awareness of the arts, to broaden the boundaries that define 'artist', to help dissolve the fears that prevent people from experiencing an art form by making the process easy, friendly, and available to everyone.

Diane herself works with Pencil, Pen & Ink, Water Colour, Water Miscible Oils, and Acrylic. Self taught, Diane and has taken workshops with John Price, Peter John Reid, and Carole Rudderham.

Diane is offering her Pen and Ink workshop on **Monday March 14 from 9:30 to 4:30 at the Signal North Gallery as part of **The Art Sampler Workshop Series**. Go to www.huntsvilleartsociety.ca to register today. ***Get Creative at the Station this March Break.*****
