

Introducing

# Leah Zantingh

**Portrait Artist  
and Instructor**

Leah is a young artist that has been refining her portrait skills since she was 17 years old. She graduated from Haliburton School of the Arts: Fleming College and continues to grow in her craft.

"Eyes are the window to the soul" - William Shakespeare  
And for Leah, that's mostly what drives her work, uncovering those windows.

The difficulty between the visual representation and verbal explanation is what she tries to eliminate by replicating and enhancing the expressions and body language of her subjects.

Leah will be offering her workshop on Tuesday March 15, from 9:30 to 4:30 at Signal North Gallery.
